

Care-taker Govt Focus to Digitize the Economy

Various proposals were discussed to increase the **Income tax return** filers, first with Caretaker Prime Minister Anwaarul Haq Kakar, and then with the Special Investment Facilitation Council (**SIFC**).

The interim government is planning to bring legislative and administrative changes to **digitize** the **economy**. The ordinance would empower the **Ministry of Information Technology** to get data from provinces and other relevant agencies.

As per statistics, out of **7.6 million** registered persons and companies, only **4.2 million** filed their returns in the last fiscal year.
